Give Purpose to Your Game

Support survivors of stroke, brain injury and concussion

Anyone who has suffered one of these injuries knows how life-changing and catastrophic it can be — often leaving the survivors alone to figure out questions like...

- How will I return to work and provide for my family?
- Will I be able to sustain my relationships?
- Are there any other people going through what I'm experiencing?

Join us! Your participation in this golf tournament goes directly toward supporting hundreds of children and adults who are finding hope after brain injury.

Located in Northern Virginia, Brain Injury Services is providing innovative programs which are offered to the estimated 97,000 individuals in our area who are disabled as a result of brain injury, stroke, and concussion.
